

Bhaskaracharya Mathematical Talent Search Competition

(A competition for the students of Standard 6 and 7)

Organized by

Bhaskaracharya Pratishthana

(An Educational and Research Institute in Mathematics)

Bhaskaracharya Pratishthana is an internationally well-known institute working in the field of education and research in mathematics. To commemorate the 900th birth year of the legendary Indian Mathematician Bhaskaracharya II, we had organised the Bhaskaracharya Mathematical Talent Search Competition (BMTSC) in 2014 – 15 and continued to organizing the same. The objectives of the competition are *“To identify students who have an aptitude for Mathematics as well as to encourage students to think logically and thus have them embark on an exciting learning journey that hopefully inspires them to perform well in other competitive examinations as well.”*

We are happy to state that **Aditya Venkata Ganesh** stood first in BMTSC in 2017, 2018 he has won gold medal in IMO 2024, **Siddharth Choppara** secured third prize in BMTSC 2017 and he received **honourable mention**. Many others have cleared INMO, were admitted to prestigious Mathematics learning Camps in India and abroad.

The competition will be conducted in two rounds. Round 1 is an objective type exam in the online mode. Students selected from this first-round examination are eligible for Round 2.

Day and Date of Examination

Round 1

Sunday, 8th December 2024 (ONLINE)

Round 2

Sunday, 2nd February 2025

Every participant will get a certificate.

Successful candidates will get prizes and will be eligible for a free nurture training camp.

Registration Fee : Rs. 200/-
