A Training Program for Postgraduate Students in Mathematics

We are happy to announce a training programme for the M.Sc. (Mathematics) students at Bhaskaracharya Pratishthana, Pune.

Bhaskaracharya Pratishthana is a reputed Educational and Research Institute in the field of Mathematics. The institute is well known for its contributions in training students at a variety of levels including School, Colleges, Universities as well as Mathematical Olympiads.

The objective of the present programme is to create interest in Mathematics among the students of postgraduate classes, achieve conceptual clarity and inculcate the spirit of problem solving among them. We believe that the students will also learn several topics by way of discussions with expert faculty members as well as peers from various colleges in the city.

The experienced faculty from various colleges in Pune will deliver lectures on important topics in Mathematics relevant to postgraduate syllabus.

The details of the course are as follows:

About 20 hours of training will be given in the programme.

Day and Time: Every Wednesday 4 PM to 6 PM (Starting from 15th January 2025)

Venue: Bhaskaracharya Pratishthana, Pune.

No registration Fee.

Please fill the following google form for registration: <https://forms.gle/bS5uXL1Lgjrufsd6>
